### ENRILE ARRESTED IN JUAREZ

Former Mexican Consul at Clifton Charged with Fomenting Trouble With Friendly Nation

EL PASO—Gonzalo Enrile, the man who circulated a manifesto in El Paso last week denouncing Americans and attempting to stir up strife between them and the Mexicans, is now in jail at Ciudad Juarez.

Enrile was arrested last Tuesday evening and has since that time been held incommunicado by the rebels. Three other men, alleged to have been affiliated with Enrile, also were arrested yesterday at Juarez.

The Salazar rebels have been denying that Enrile was in jail and have said that they have been looking for him. Yesterday after the other three men were placed in jail, the rebel leader admitted that Enrile had been arrested Tuesday.

The manifesto to which Enrile's name was attached, after denouncing the Americans, called on the people to support Pascual Orozco for governor of Chihuahua and General Geronimo Trevino for provisional president of the republic.

The rebel officers say that the arrest was made after Enrile had left El Paso and gone down the Rio Grande thirty miles and crossed into Mexico, returning to Juarez. They declare that they are charging him with seeking to foment discontent among the men and to promote a hostile feeling against a friendly nation.

Enrile was formerly consul to Clifton, Ariz., and was at one time a consul stationed in Costa Rica. Several years ago he was sent by Porfirio Diaz on a secret mission to France and Spain.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co. Toledo, Ohio. Sold by all Druggists, 75c.
